

The logo for the SPCC Storm Swim Team is centered on a dark blue rectangular background. It features the text "SPCC" in a large, bold, white sans-serif font at the top. Below it, the word "STORM" is written in the same font, with a white lightning bolt graphic integrated into the letter "O". Underneath "STORM", the words "SWIM TEAM" are written in a smaller, white, all-caps sans-serif font.

Greetings to all SPCC Club members and SPCC Storm Swim Team families!

I want to start off by saying that I hope you are all doing well and that your loved ones and families are in good health. I know 2020 presented many challenges and changes for us all to our lives and routines and unfortunately due to the Pandemic and health safety protocols implemented by USA swimming, we were unable to have a swim team program last year.

However, in brighter news, we have the green light to go ahead with the program this summer from all levels using the best possible safety practices and social distancing measures that we can! Recent research conducted by USA swimming and the CDC has shown that swimming is a safer sport than some others. For more information on this please click here: <http://www.floridahealth.gov/environmental-health/swimming-pools/index.html>

SPCC Storm swimming will be commencing practices starting on **4/19/2021** and our first meet, the Dick Smith Invitation will be hosted on **5/1/2021**. For the full schedule of upcoming practices and meets please review the attached documents. We are so excited to have the opportunity to swim, have fun in the pool and compete in the summer of 2021.

For interested members, please email your name and who your swimmers are to spccstorm@gmail.com so I can send you a registration packet and USA swimming form to fill out before your child attends meets or practices. These packets will also be available at our Meet & Greet on **4/12/21**, hosted at the SPCC Pool from 5:30 PM-6:30 PM. In addition, there will be sign-ups and registration packets available to pick up for those who cannot attend, left with the front desk for your added convenience.

Stay tuned for more SPCC storm updates! Feel free to contact us with any questions. We cannot wait to see you all on the deck again this year!

Sincerely,

Kristin Wrinkle
